

3x2 Grid - Straight Popup Display Stand

- Artwork should be supplied at 2812mm x 2225mm plus 10mm bleed to all sides.
- The full visible area of popup displays changes depending on the viewing angle (side or front), please be mindful of this when designing. Position items inline with the diagram.
- Please supply your artwork as one complete piece (we will divide it into the printed panels).
- Files should be supplied as print ready PDF files whenever possible.
- Files can be supplied at 100% scale or 25% if desired. Please remember to supply files at least 400dpi if working at 25% scale.
- All artwork should be supplied in CMYK colour.
- You will receive a final proof for approval prior to production.
